

# Reduce Your Carbon Footprint

Specify the latest Vinyl or Composite Sheet Piles

Sheet Piling (UK) Ltd. are the exclusive UK and Ireland representatives for Crane Materials International Waterfront Solutions (CMI). CMI are the USA's premier manufacturers of Vinyl and Composite Piles producing a comprehensive range of Sheet Pile Sections and Cappings.

The Piles are installed using modern vibratory, or percussive rig mounted hammers. In dense granular soils or firm clays the Sheets can be installed using a purpose made "Stabcat Stompper" steel driving mandrel, which is exclusive to Sheet Piling (UK) Ltd, for use throughout Europe.

The Sheet Piles are available on a sale only basis, or supply and install basis. We can also supply driving Mandrels on a rental basis. For details please call us on: 01772 794141 or visit our website: [www.sheetpilinguk.com](http://www.sheetpilinguk.com)

## Vinyl & Composite Piles

- Energy efficient production methods help reduce your carbon footprint
- Benefit from reduced initial capital cost
- Enjoy a long maintenance free life
- Interlock sealant systems available
- Attractive finish, without painting
- Resistant to most contaminated soils
- Vinyl & Composite won't rust
- Fully recyclable
