

ENVIRONMENTAL POLICY STATEMENT

The Company will:

- Comply with the relevant requirements of the Environmental Protection Act 1990 and all other domestic legislation concerned with the protection of the community and natural resources.
- Minimise the risk to the public at large from any acts or omissions during its operations.
- Have the necessary control measures in place to protect the natural environment and conserve resources.
- Minimise emissions of noise, vibration, air pollution and waste products.
- Ensure all employees have suitable and sufficient information, instruction, training and supervision to act with due consideration for the environment.
- Require all contractors working on its behalf to meet with the equal standard of care for the environment.
- Assess the environmental impact of any new site operations.
- Monitor the environmental impact of its operations.
- To strive to continually improve the Environmental management system.
