

## **QUALITY ASSURANCE - POLICY STATEMENT**

Sheet Piling (UK) Ltd is committed to providing Quality Products and Services through the provision of an effective integrated management system.

Sheet Piling's approach is based upon applying its corporate values to all areas of the business and promoting a culture that encourages the identification of innovative ideas, the application of integrated solutions and the achievement of continuous improvement in business performance.

Sheet Piling is committed to:

- Operating effective quality management systems in all operations within a Quality management framework, and striving to achieve continual improvement in its Quality management system.
- Consistently meeting the quality of products and services specified by clients and continuously improving performance in all activities.
- Providing relevant training to ensure that all employees are competent to carry out their work.
- Providing products, services and solutions that meet the needs and aspirations of its customers.
- Targeting the reduction of remedial and abortive work and the wastage of material resources by carrying out operations in an effective and efficient manner.
- Adopting an approach of evaluating the effectiveness and adequacy of operations and processes through established monitoring, measuring and reporting methods, and to ensure that as improvements are identified, they are introduced in all relevant parts of the business.
